

UPSTATE AIR QUALITY MEETING

May 5, 2021

While Upstate South Carolina remains within air quality attainment goals, there are still innovations to be made and opportunities to improve air quality, particularly for those at risk.

South Carolina Department of Health and Environmental Control (SC DHEC)

Amy Curran, Outreach Coordinator for SC DHEC, presented the B2 for Business Program and Renee Madden, Air Monitoring Data Analyst, reviewed the number from the State of our Air Quality Update.
